

Our mineral-filled foodservice wares offer a sustainable and cost-effective alternative to traditional plastic products. Infused with natural minerals, these wares reduce plastic content while maintaining the strength and durability required for demanding foodservice environments. Perfect for plates, bowls, and other disposable items, they combine functionality with an eco-conscious design, making them an ideal choice for businesses committed to sustainability. Choose mineral-filled foodservice wares for a smarter, greener solution that delivers performance without compromise.

Products available, plates, clam shells, food boxes, lunch trays, customizable shapes.
