

ONE QUIRCH [PAPER BAGS / REUSABLE BAGS

Paper bags are an eco-friendly and versatile choice, designed to be recyclable, reusable, and biodegradable. Durable and functional, they provide a sustainable alternative to plastic bags, helping to minimize environmental impact.

Paper bags can be customized with branding to enhance your business's visibility and are available in a variety of styles to suit your needs. Choose from a range of handle options, including die-cut, twisted paper, or flat handles, to ensure both convenience and aesthetic appeal. Ideal for carrying a wide array of items, paper bags combine practicality with environmental responsibility.

SOS bags in all sizes form #2 to #425. Grocery sacks with and without handles. Bags with twisted paper handles.
