

ONE QUIRCH [PORTION CUPS

Portion cups are essential tools in the foodservice industry, offering a convenient, cost-effective way to control portion sizes, reduce waste, and ensure consistent presentation. These versatile cups are commonly used for condiments, dressings, sauces, dips, and toppings, making them a staple in quick-service restaurants, catering businesses, and cafeterias.

Available in various sizes, ranging from 0.5 ounces to 5 ounces, portion cups cater to a wide array of needs, whether it's a small serving of ketchup or a larger side of coleslaw. Many come with secure-fitting lids, allowing for easy pre-portioning and transport, which is especially useful for takeout and delivery operations.

RECYCLABLE - COMPOSTABLE - CUSTOMIZABLE
